

[View Presentation](#)

Andy Symonds, CEO
Harmony Energy

"Building Big Battery Energy Storage in France: You BESS Believe It!"

[View Presentation](#)

Pascal Cerruti,
Director, Public Affairs, EMEA,
ProLogium Technology

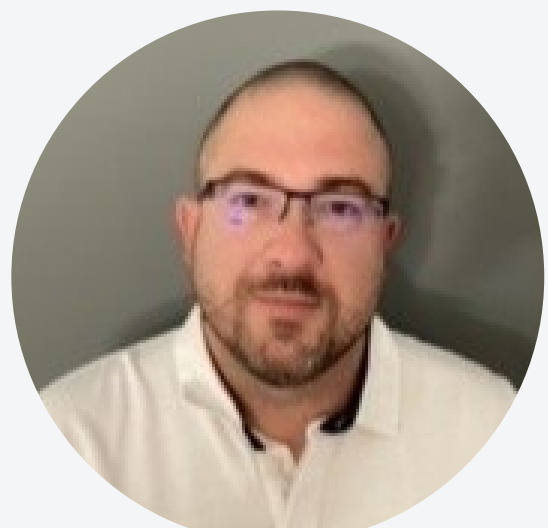

"Joining the Battery Valley with a next generation gigafactory"

[View Presentation](#)

Mr. Guillaume Gerbaut,
Technology Manager Automotive
/EMobility
ELANTAS

"Innovative solutions for Battery pack & Cells protection"

[View Presentation](#)

Arnaud Levecque,
Head of Sales
CRITT M2A

"CRITT M2A, a battery testing center in the heart of Battery Valley"

[View Presentation](#)

Céline Carlot, Project Director
Nicolas Balland, Project Director

"Hauts-de-France region, the place to be for battery valley"

[View Presentation](#)

Tim Aanhane, Senior Business
Developer
Leyden Jar

"Pure silicon increasing energy density of consumer electronics batteries"

[View Presentation](#)

Matthieu Hubert,
General Secretary
ACC

"1st French Gigafactory : outcomes and challenges ahead"

[Presentation Unavailable](#)

Ayumi Kurose
General Manager & Project
Director, Battery Manufacturing
Plant
AESC

[Presentation Unavailable](#)

Mr Mohamed Kechmire, VP
Systems Engineering
EnerSys

"Use of battery storage in fast charging for electric vehicles"

[View Presentation](#)

Gilles Moreau,
Chief Sustainability & Open
Innovation Officer
Verkor

"Training project to foster local battery gigafactory ecosystem"

[Presentation Unavailable](#)

Gregory FOURGEAUD, Head of Battery EMEA
GEORG FISCHER +GF+

Thomas BRISSON, Senior Expert Thermoplastic
Processes Europe

"Innovative piping systems for Chemical Management in Harsh and Corrosive Environments"

[Presentation Unavailable](#)

Daniel Fuhrmann, Industry
Management Mobility
TRUMPF

"Innovative laser applications in battery manufacturing"

[View Presentation](#)

Tom Wadsworth, Commercial
Director, Battery Supply – EMEA
Li-Cycle

Presentation Title To Follow

[View Presentation](#)

Dr. Naeem ADIBI, CEO
WeLOOP

"Carbon Footprint of batteries based on LCA"

[View Presentation](#)

Tom Van Bellinghen, Founder
Lithink

"Powering Through Uncertainty: Building a Resilient European Battery Value Chain"

[Presentation Unavailable](#)

Vincent Leconte, Vice President,
Electrification Solutions
Altair

"Accelerate Battery Development With AI-Powered Engineering"

[View Presentation](#)

Joris Vieux, Country Manager & KAMngr
Global Battery
Cotes

"Optimizing Factory Design and Management for Gigafactories"
