

BATTERY TECH EXPO FRANCE 2026

SPEAKER PRESENTATIONS

VIEW PRESENTATION

Cyril Marino
Failure Analyses Manager –
Energies & Renewables Division

Failure analysis of Li batteries

COMING SOON

Frédéric Boutin
General Manager

*Leak detection and vacuum control in the
production of cells for batteries*

COMING SOON

Pablo Fernández Santos
CEO

*Driving Europe’s Energy Transition with Advanced
Solid–State Lithium–Metal Battery Technologies*

VIEW PRESENTATION

Kenza Elbouazzaoui
Battery Engineer

*From fluorine to future: PFAS–free conductive
binder for high–performance batteries*

VIEW PRESENTATION

Dr. Dmitry Belov
Chief Scientist

*SOLID–STATE OR ALL–INORGANIC?
Making the Right Call for the Next
Generation of Batteries*

COMING SOON

Ayumi Kurose
Industrialization and Project Director

*France plant completion and next
challenges*

COMING SOON

Johan G. Andersson
Chief Commercial Officer

*Building sovereign, cell mass manufacturing
capability with robust supply chains enabling the
next generation of electrification*

COMING SOON

Matthieu Hubert
General Secretary

*ACC, flagship of the electric valley:
situation and outlook*

VIEW PRESENTATION

Steven Lans
CEO

*Solving Europe's battery waste problem – A scalable
battery black mass refining process extracting critical
raw materials from all types of batteries.*

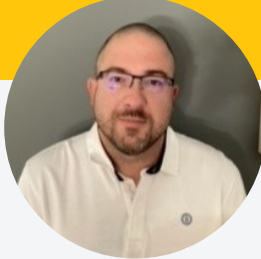

COMING SOON

Guillaume Gerbaut
Technology Manager Automotive

*Thermal Adhesive Snap cure Technology for
Battery protection*

COMING SOON

Sylvain Lhuissier
Vice President, Bren–Tronics International
Business Development

*Transitioning from lead acid to lithium–ion
chemistries for military applications*

COMING SOON

Gery Bonduelle
Chief of Business Development

*From Road to Grid: Delivering Sustainable Battery
Solutions Made in EU Across Sectors*

COMING SOON

Éric Reiss
Chief Financial Officer

Tiamat – Sodium–ion High Power Battery Cells

NOT AVAILABLE

Arnaud Soulet
Vice President Altytud & Amiens Henry Potez
International Airport Manager

*Hauts–de–France: a hub for aerospace, space, and defense, driving innovation
in the drone industry*

COMING SOON

Eylül Karacaaslan Callozzo
Battery Technology Manager & PHEV Battery
Lead at Aston Martin Lagonda Ltd

*The Chemistry of Compliance: Turning Global
Battery Rules into Supply–Chain Advantage*

COMING SOON

Bill Williams
Global Director Business Development -
Battery Manufacturing

*Cooling Gigafactories while saving
water and energy*

COMING SOON

Mustafa Amhaouch
Director Battery Competence Cluster – NL

*From National Strength to Cross–Border
Impact: The Dutch Battery Ecosystem*

COMING SOON

Karolin Langfeldt
Account Executive

*Battery Passports Beyond Pilots: Lessons
from Real–World Implementation*
